VIII. Reports

A. Mayor - Lance Westcamp

Mayor Lance Westcamp had the chance to attend the Community Improvement Corporation (CIC) meeting this morning. Now that he is retired, he can get more involved in the CIC. Mrs. Hilbert and Mr. Dildine serve on the Board of Trustees. The CIC has put a very good Board together that gives out a lot of information. The Board's Chairperson, Pat Pickett, does a wonderful job whenever he leads an organization.

B. Administrator - BJ King

Administrator BJ King referred to his CIP report that was submitted with his Council report. Mr. King will update Council with this report at the last City Council meeting of the month. Kudos to the City's street guys and the parks & facilities guys for the tremendous job they have done dealing with the snow and ice over the last couple of weeks. Mr. King noted that staff will be requesting an executive session later on tonight's agenda. The City's salt supply was down to 300 ton and an order was made for 508 ton. Part of the salt was delivered on Friday with the rest to be delivered this week. The City should be in good shape. Mr. King was informed that the City uses about 15 ton on a typical snow event. The road block at Church and Elm Streets is due to a water leak. The

way the weather had been recently, crews can't get in there to repair the concrete so gravel has been temporarily laid down until the permanent street repair can be made.

C. Chief of Police - Ralph Portier

Chief Portier was not present. Captain Blevins reported that the department is facing some coronavirus issues and with Sergeant Thompson's retirement next week there have been some challenges. The open house for Sergeant Thompson is 11 a.m. to 2 p.m. on Friday, March 5th.

D. Director of Finance - Jason Carr

Finance Director Jason Carr thanked Anna Krigbaum on getting the year-end closed and getting the City's W2s and 1099s out on time. The 1094Cs related to the Affordable Care Act were filed meeting all of the City's IRS filing requirements.

In July of 2020, Governor DeWine lifted the executive order related to charging late fees on utility bills. This Council had elected to suspend charging late fees until January 1, 2021. The billing cycle that just ended, with bills due by February 1, was the first cycle the City re-implemented late fees, tag fees and shut-off fees. There were 400 accounts that were late, 150 of which were related to water and sewer accounts, with remaining accounts stormwater related. Out of that 150, 75 tags were placed on residents' doors. Subsequently, as of today, the 75 door tags resulted in only 10 shut-off notices. Another factor for only 10 shut-off notices is that the City's hardship applications have to be received before late bills are mailed, or for this billing cycle February 2nd. After a discussion with the City Administrator, that requirement was lifted and the City allowed residents to apply for a hardship application up until shut-off notices were served. The Finance Department received 30 hardship applications from February 2nd until today (February 22nd). The Department worked with residents and were flexible when enforcing the City's utility code. Mr. Carr thanked Jason Cooper for all his work.

In response to Mayor Westcamp's request in regard to the cost for snow removal, Mr. Carr provided the following information. The labor cost, which includes regular hours, overtime and equipment use, was \$105,704.32. Salt usage was 808 tons, at an average price of \$70.71 a

ton, came to \$57,133.68. That information comes out of the City's FMX system. Mr. Carr thanked Brian Strayer and Walt Wagner for tracking the information and having it readily available. Mayor Westcamp thanked Mr. Carr for following up on his request.

E. Director of Law - Kevin Shannon

Nothing to report.

F. Assistant Administrator / Development Director Jeff Green

Assistant Administrator / Development Director Jeff Green announced that the Community Improvement Corporation (CIC) had its first work session today with the planners. Different from anything the CIC has done in the past, this is a comprehensive planning for the City's downtown to look for physical space. Looking at what potentials there could be in the future, at what the City is doing now with new construction and the transformative process that could influence what things can happen. The CIC and Downtown Professionals Network (DPN) will have daily check-in sessions at 4 p.m. on Tuesday, Wednesday, and Thursday. On Friday, at a lunch meeting, DPN will present their plan's framework to show the direction they are heading with the redevelopment of the Historic Downtown Groveport district.

City staff is in the process of finishing up the annual report; it should be ready to go to the printers in a week or so. The annual report will be going out by the end of March at the latest.

Mr. Dildine warned everyone to check on their fraud and credit reports. He also asked Administration to keep an eye on unemployment claims filed against the City. Someone had opened up unemployment claims in his name against the Township. Luckily it was caught before any benefits were paid out. Mr. Dildine became aware of the fraud when he

received a letter asking for a temporary password for an unemployment claim filed. The State is utilizing staff from big businesses with the proper background to help State of Ohio fix the fraud.
