2011	1,044	26,823
2012	1,134	33,080
2013	485	28,726

The Ohio High School Association has requested the Links to host the 2014 Girls District Golf Tournament on Tuesday October 7, 2014.

The wall fronting #13 green has been completed. The extended area in front of the green has been sodded and the hole is back open for play. We are currently soliciting bids for the second phase of the project and hope to have a contractor selected after the 1<sup>st</sup> of the year. The goal is to have the work commence by the end of January and completed mid to late February.

Bunker renovation on hole #15 continues with general shaping completed. We will begin to address drainage in the coming weeks and have it prepped for final grade and fill in late winter to early spring.

The maintenance staff has inventoried the infected ash trees of the property and has selected several trees that require removal this winter. We are also planning tree plantings this coming spring to balance out the trees that are being removed.
