

Report to Mayor and Council
April 21, 2025

	Rounds March	YTD
2018	268	303
2019	354	463
2020	315	594
2021	1308	1376
2022	906	918
2023	822	1756
2024	1617	2461
2025	1668	1941

Despite unfavorable weather, rounds are better than expected. We experienced far fewer playable days so far in 2025 than 2024. No rounds were played in the Month of January and only 273 played in February. In 2024 26 rounds were played in January and 818 played in February. Once the weather turns I'm expecting another very strong year in rounds played.

Greens aerification has already completed the greens are completely recovered.

No major damage from the flood last week.

The first league is scheduled begin the week of the 15th with the remainder of the leagues beginning over the next couple of weeks. There is a total of 17 evening leagues Monday thru Thursday and 3 morning leagues, 2 on Tuesday and 1 on Thursday.
