

Council Report for 9/21/2020 Committee of Whole Meeting

RECREATION CENTER

Groveport Recreation Center Member use stats are attached for your reference. The facility is still operating under COVID hours, which are: Monday – Friday (5:30 am - 8:00 pm) and Saturday/Sunday (8:00 am – 5:00 pm).

The facility was closed on Thursday, Sept. 10 at 11:45 am due to an employee testing positive for COVID-19. The facility was sanitized by Saturday, Sept. 12 by Corvus Janitorial. Staff was able to re-open the facility on Sunday, Sept. 13 at 8:00 am.

OCTOBER NEWSLETTER

As of Sept. 17, the October newsletter has not been completed. Staff will forward to you when it is completed.

YOUTH BASKETBALL LEAGUES

The Groveport Recreation Department will not be offering youth basketball leagues this fall/winter for 3rd -6th grades. However, skill-building clinics are being offered at the Groveport Recreation Center thru Bally Sports. More information will be available in the October newsletter.

LIFEGUARD CLASSES RESUMING

The Recreation Department will be resuming American Red Cross Lifeguard Classes in October. It is our hope to be able to offer classes every month now through June. More information will be available in the October newsletter.

SENIOR CENTER

Staff participated in the Franklin County Public Health Zoom Meeting on Sept. 17 to hopefully learn more about the regulations surrounding the re-opening of Senior Centers. Unfortunately, the meeting was not helpful as neither the County nor State has any information regarding testing requirements for participants and staff. Staff is hoping to learn more during a webinar on Sept. 18 with the Ohio

Department of Aging. Please see attached information regarding Responsible RestartOhio (Adult Day Care & Senior Centers).

GROVEPORT-MADISON HIGH SCHOOL SWIM TEAM

Plans are in the works for the GMHS Swim Team to practice in our indoor pool beginning in November. The team will tentatively swim 8:15 PM – 9:15 PM, Monday – Friday (after the facility has closed).

Responsible RestartOhio

Adult Day & Senior Centers

Mandatory

Pre-Opening Testing

- Facilities shall implement COVID-19 testing of all participants and staff consistent with protocols and guidelines established by ODA, in consultation with ODH.

Recommended Best Practices

Facilities

Reduced Capacity, Spacing

- To the extent feasible, use cohorting of participants to minimize the risk of disease spread and adverse health outcomes. Cohorting is the practice of gathering participants together as a group who eat, travel, and participate in activities and services together. Facilities shall determine, after assessing capacity, the number of participants to include in each cohort.
 - For example, centers may consider having the same cohort for congregate meals multiple times per week or the same participants for group fitness classes such as tai chi.
- Establish as few points of entry as possible.
- Configure layout for enhanced infection control, including holding area for symptomatic individuals.
- Follow other state protocols for gyms and pools.

Sanitation

- Implement CDC guidance for cleaning, disinfecting, and sanitizing.
- Maintain adequate inventory of PPE.
- Establish hand washing or a sanitization station at facility entrance.
- Make sanitizer available for facility and staff participants.

Signage/Communication

- Develop a communication plan including how you plan to reach different audiences and all reopening requirements (e.g. families, staff, community).
- Post signage regarding hand-washing, sanitization of equipment,
- Post signage at entry requiring safe distancing and face coverings.
- Post signage for hand-washing, sanitization of equipment, and safe distancing.

Reduced Capacity, Spacing

- Routine review of census to ensure compliance with safe distancing guidelines.
- Continuously evaluate the physical layout of the building to identify environmental changes supporting infection control and social distancing criteria (e.g. storing furniture and removing magazines from common areas).
- Observe and evaluate spacing, communal meals, activities, vans and transportation to maintain adequate social distancing.
- Consider modifying facility hours to accommodate caregiver drop-off and pick-up as well as staggered schedules.

Signage/Communication

- Ensure all communications are culturally and linguistically appropriate as well as accessible for individuals with disabilities.
- Develop a communication plan for participants and families
 - Issue updated facility policies and transportation plan (where applicable).
 - Educate participants and families about the risks of COVID-19 and safety measures.
- Post signs with COVID-19 screening questions, if possible.
- Post directional signage to encourage separation of entrances and exits, if possible.

Mandatory

Facilities (cont.)

Entering Facility

- Establish protocols to ensure participant and staff safety including screening all participants prior to or immediately upon entering the facility.
- Pre-screen all participants and staff for COVID-19 via telephone before each visit to the facility using the tool found [here](#).
- Maintain a daily log that includes the attendance of each participant including telephone number and address. The log shall be maintained for at least six months.
- Facilities, where possible, shall have a designated entry point that allows for participants to be picked up and dropped off safely, including providing enough space to permit participants to maintain safe distance from each other and staff and accommodates for adverse weather conditions. No individuals shall be allowed in the designated entry point without a mask.

Air Circulation

- Limit use of fans.

Recommended Best Practices

Entering Facility

- Screening for staff, participants, and visitors should include, at a minimum:
 - Temperature checks
 - Required cloth face covering or facemask
 - Questionnaire about symptoms and potential exposure
 - Observation of any signs or symptoms

Congregate Activities

- Establish appointments and sign-ups for activities ahead of time.
- Prohibit fields trips, excursions, and large group events.
- Cancel activities if there is no ability to social distance.
- Encourage outdoor activities (i.e. dining, classes, etc.) as appropriate and participants can safely join.
- Follow state COVID-19 protocols for outdoor sports such as pickleball, bocce ball, shuffleboard, tennis, etc.
- Require arrival to group activities no more than 10 minutes before start time.
- Follow Restaurants, Bars, and Banquet & Catering Facilities/ Services Guidance for dining:
 - 6 ft. Marking to distance while in line.
 - 6 ft. Distance for dining/seating areas.
 - No self-serve buffets.
 - Condiments placed on food item by staff or offered in individual packets or containers.
- Alter schedules to reduce contact (e.g., stagger meal, activity, arrival/departure times).
- Maintain and, in some cases, enhance virtual options to conduct group activities (music, games, socialization)
 - Examples include FaceTime, Skype, and Zoom
- Create activity packs for participants to work independently or in a socially distanced group.
- Offer disposable utensils.

Staff

- For the purpose of the Order, staff includes volunteers.
- Train staff on:
 - Infection control
 - Appropriate use of PPE and hand sanitizer
 - Spacing/social distancing
 - Sanitizing surfaces
 - New facility procedures for COVID-19
 - Other CDC recommended topics:
www.train.org/cdctrain/welcome
- Train personnel necessary for the operations of the facilities which include, but may not be limited to, staff, contracted and emergency healthcare providers, and contractors conducting critical on-site maintenance.
- If possible, participants should be assigned the same aide throughout the day.
- Require direct administrative staff who do not need to be physically present in the center to stay at home and work remotely.
- Routinely review CDC training and other state training resources to identify updated and or new training materials and opportunities.
- Assess staff readiness including social and emotional support.
- Adjust appropriate staffing levels including contingency plans for staff absences due to COVID-19.
- Consider a flexible schedule which staggers clients and staff in mornings and afternoons to avoid high volume or density of participants in the same location.
- Recommend the following regarding PPE use:
 - Gloves when providing personal care, food handling, and other situations.
 - Face coverings for staff should include surgical masks (not facecloths).
 - New masks for employees each shift.
 - Appropriate PPE (gowns and face shields) for employees assisting participants with showering/bathing.

Mandatory

Recommended Best Practices

Staff (cont.)

- Require staff to wear face coverings except for one of the following reasons:
 - Facial coverings in the work setting are prohibited by law or regulation.
 - Facial coverings are in violation of documented industry standards.
 - Facial coverings are not advisable for health reasons.
 - Facial coverings are in violation of the business' documented safety policies.
 - Facial coverings are not required when the employee/volunteer works alone in an assigned work area.
 - There is a functional (practical) reason for an employee/volunteer not to wear a facial covering in the workplace

(Businesses must provide written justification, upon request, explaining why an employee is not required to wear a facial covering in the workplace. At minimum, facial coverings (masks) should be cloth/fabric and cover an individual's nose, mouth, and chin.)

Participants

- Participants considered to be a risk to others shall not be accepted into the facility until it is safe for everyone.
 - Providers shall assess existing capacity and identify participants best suited to return to the facility. Facilities shall include this prioritization within facility policies.
 - Participants should be reminded about the risks of the spread of COVID-19 and the appropriate safety measures to take to protect themselves.
 - During this initial phase of limited capacity, participants unable to wear masks shall not be permitted to return to facilities.
- Adult Day prioritization criteria may include:
 - Individual risk-level
 - Availability of caregiver support
 - Amount of paid caregiver support
 - Risk of isolation
 - Senior Center prioritization may include individuals:
 - Without chronic conditions
 - With the ability to wear a mask and follow safe distancing practices
 - Remain in contact with the individual's case manager to ensure service coordination (ADS only).

Transportation

- All drivers will be required to wear a mask at all times.
 - Transportation providers shall adhere to the [Ohio Department of Transportation Guidance](#) and the [Mass Transit Transportation Providers COVID-19 Checklist](#).
 - Transportation shall accommodate spacing of participants and continued circulation of air.
 - All individuals participating in pick up or drop off shall be required to wear a mask during the process of pick up or drop and at all times while inside the designated entry point.
- Drivers should use curbside pick-up and drop-off where possible.
 - Encourage families to assist with transportation.

Confirmed Case

- Immediately isolate and seek medical care for any individual who develops symptoms while at the facility.
- Shut down space for deep sanitation, if possible.
- Work with local health department to identify potentially infected or exposed individuals to help facilitate effective contact tracing/notifications, if possible.
- Test all suspected infections or exposures, if possible.
- Following testing, contact local health department to initiate appropriate care and tracing, if possible.

Groveport Recreation Center COVID-19 Member Use Stats

NOTE: SilverSneakers and Renew Active pass holders are included in figures

PUNT, PASS & KICK COMPETITION

2020

WHO:

8 - 9 Yr., 10 - 11 Yr., 12 - 13 Yr.,
14 - 15 Yr. Age determined as of
12/31/2020. Separate divisions
for boys & girls.

DAY:

Saturday, October 3

TIME:

12:15 pm = Check-in & Warm-up
1:00 pm = Event

LOCATION:

Groveport Park
7370 Groveport Road
Groveport, OH 43125

REGISTRATION:

Accepted thru Sept. 26

FEE:

\$5.00

QUESTIONS:

Kelly Carter (Aquatics Coord.)
614-836-1000 ext. 1512
kcarter@groveport.org

Yes, we've brought back an old favorite! Athletes will be allowed three punts, passes and kicks in this competition. The top measurement in each area will be counted to give participant a cumulative total. Scoring will be based on distance & accuracy from where the ball first makes contact with the ground. Bounces and rolls do not count.

Cleats and gloves may not be worn. Only soft-soled shoes (no bare feet). This event is only a local competition and not affiliated with any other organization. Winners will not be advancing to sectional or state competition.

Face coverings must be worn by athletes and spectators when not actively competing. Practice safe social distancing.

WHO: All ages & abilities (walkers welcome)
DATE: Saturday, Oct. 10
TIME: 9:00 AM Check-in / 9:30 AM Event begins
LOCATION: Groveport Park (event begins & ends)
FEE: \$12
REGISTER: Accepted thru Oct. 8. Register by 10/2 to receive a t-shirt. Limited to 125 participants.

Bring the whole family to the Together We Can Overcome 5k Run. The event replaces the Apple Butter Day 5k and will look much different due to COVID-19. Social distancing will be stressed, including staggered start, wide passing and wearing of face coverings until the start of the event. The 2020 run will be a fun run, not a competitive event. Keep your own time. Join us for some great outdoor exercise. Pets are not welcome.
