Administrator Marsha Hall stated the staff's and Planning & Zoning Commission's recommended conditions are as follows:

- 1. Ground and directional signage shall comply with Chapter 1178 of the Groveport Zoning Code.*
- 2. Parking setback for side and rear yards shall be a minimum of 15 feet.*
- 3. Loading Dock screening shall be installed to screen the loading dock areas along the north and south ends of each building to comply with Chapter 1176 of the Groveport Zoning Code.*
- 4. Landscaping along Green Pointe Drive should be installed to match the landscaping shown in the Development text for Rohr Road.*
- 5. The Traffic Impact Study will be addressed by the developer's engineer in a manner acceptable to the City Administration, before the subject site is platted.*
- 6. Site access from all public roads (including the western driveway entrance to the site from Rohr Road) shall be compliant with the City's Access Management standards.*
- 7. The center lane of Rohr Road shall be restriped in a manner acceptable to the City Engineer. Details to be reviewed and approved with site development plans.*
- 8. Site development design shall conform to the City of Groveport stormwater management policies and regulations, including requirement for directing site managed storm drainage into an adequate drainage outlet that has positive flow. If offsite drainage improvement is required, such system shall have easements and/or rights-of-use assigned to the City for said purpose. Design of drainage facilities and stormwater management features shall comply with City of Groveport Stormwater Management Policy (Chapter 935) and with the "Toy Road-Rohr Road Watershed" ditch design standards, whichever is greater.*
- 9. New site sanitary sewers shall be extended into the site contemporaneously with the construction of site improvements. The design of said sewers (i.e., size, depth, pipe and manhole material, specifications, and alignment) shall be per the requirements of the City of Groveport and City of Columbus (per service agreement with Columbus). Easements ambiguity shall be resolved with site developed in a manner to ensure City has appropriate rights to access, operate, and maintain public sewers.*
- 10. Any future proposed guard-house and/or gates on site shall be subject to approval of the City of Groveport's Chief Building Official and City Engineer.*

Raif Webster with VanTrust Real Estate was present to answer any questions. He stated the final development plan consists of two buildings totaling just over a million square feet. The plan proposes access from the cul-de-sac on Green Pointe Drive and the intersection of Rohr Road and Port Road. The project is very similar to other warehouse projects the developer has done in Groveport. The market continues to show a high demand for warehouse space in the area. Multiple points of entry will allow the separation of truck and automobile traffic. Mr. Webster referred to an illustration to show

the location of truck and automobile parking.

Clerk of Council Ross read by title Ordinance No. 15-055.

7. Close of Public Hearing

Council Member Rarey made a motion, seconded by Council Member Hutson to close the Public Hearing at 6:27 p.m.

Motion carried by the following vote:

Yes: 6 - Cleary, Dildine, Drury, Hilbert, Hutson and Rarey

Lance Westcamp, Mayor

Ruthanne Sargus Ross, Clerk of Council

**PLEASE NOTE: THESE MINUTES ARE NOT VERBATIM. A
RECORDING OF THE MEETING IS AVAILABLE IN THE
CLERK'S OFFICE DURING REGULAR BUSINESS HOURS.**
