We had hoped to have already completed the greens but weather and flooding has delayed aerification. No major damage from the flood last week. We have contracted to have the Bridge on #7 & #9 inspected and recommendations for needed repairs. The maintenance crew has been hard at work cleaning up the debris and slit that resulted from the flood.

The first league is scheduled begin the week of the 15th with the remainder of the leagues beginning over the next couple of weeks. There is a total of 19 evening leagues Monday thru Thursday and 3 morning leagues, 2 on Tuesday and 1 on Thursday.
