

Council Update – May 18, 2020

Community Affairs Department – Patty Storts, Director

All of us at Town Hall are so glad to be back to work and continue to do what we do best. A survey was put on all of our social media sites asking those who would participate in our programs or activities how they would like to take part in our programs. Most stated that they would like for us to place our program and activities on our social media sites so they can just go to them and do the crafts or activities at their leisure. We are doing some of our programs the same way but only through social media, we are asking those who would like to participate to call in to register for the program so we can supply them with the supplies to do the craft/program. The supplies will be placed in a bin at the front door with their name attached to be picked up. Most of our crafts are made from material that most everyone has at home.

MADE FROM CARDBOARD

WHY BUY EXPENSIVE PHONE
SPEAKERS WHEN YOU CAN
MAKE YOUR OWN AT HOME

I came up with an idea but was not sure if could pull it off so I reached out to a close friend and resident of Groveport and asked for her help. She told me that people have been asking her what they could do. Well, I think my idea is going to become a reality. Stay tuned. I will keep you posted.
