

## **CITY OF GROVEPORT REPORT TO MAYOR AND COUNCIL**

March 13, 2019

### **Engineering Department – *Steve Farst***

- **Capital Projects:**

Glendening Sewer Rehab	Final site stabilization & fence repairs pending. Otherwise, work to replace sewer segments is complete.
Hamilton Rd at Firehouse Lane Intersection Imprvts	Equipment being fabricated. Field work will not begin until late Spring/Summer.
Hendron Ditch Dredging	Work to clean the ditch of sediment substantially complete. Sediment is staged and secured to desiccate until next spring when it will be graded out and seeded in-place south of the ditch.
Bixford Green Trail	Design kick-off meeting held on 2/15/19. Site environmental walks/delineation/alignment selection and design is underway.

- **Streets/Street:**

2019 Street Maintenance	Coordinating with the Franklin County Engineer in preparation of project specifications and scope.
E. Bixby Road Improvements	Coordinating with FCEO and ODOT. Expect to bid this in late winter. We're in discussion with FCEO to potentially engage their office for construction supervision.
Storm improvements	Design specs being included in Street program, to rehabilitate curb/gutter Bids will determine scope of improvement.

- **Sanitary Sewers:**

Annual CMOM SSO-report prepared and submitted to Ohio EPA.

- **Development projects:**

New High School site	Site improvements are being wrapped up
Rickenbacker Central	Site improvements, shoulder and sewer main improvements are substantially nearing completion; punch list has been presented to contractor.
Compass (AEP) Data Site	Construction is proceeding.

Please contact Steve Farst with any questions or concerns.
