August 2025

	Rounds July	YTD
2016	4,630	16,179
2017	1,664	14,037
2018	4,512	13,468
2019	4,538	15,206
2020	3,980	10,746
2021	5,206	19,020
2022	4,921	17,341
2023	5,622	20,812
2024	6,256	22,946
2025	4,958	19,784

Fairway aerification and reseeding will take place on Wednesday August 20th. We're expecting 15 to 20 acres of turf loss that will need repaired. This loss is well short of the turf damage of 2017 which was about 75 acres. We are planning to seed with bent grass and low mow bluegrass, this is a similar combination to what was placed on #14 renovation. If we get ideal weather in the month of September the germination for those seeds is 14 days.

Green aerification is scheduled for the week after Labor Day September 8th.
