GROVEPORT

JUNE 2021

Mayor Westcamp, Members of Council & Staff

- On behalf of the Madison Township Fire Department, I would like to thank the City of Groveport for their fire hydrant initiative that is underway. Councilman Ed Dildine, Administrator King, and Public Service Director Strayer developed and implemented a program to retrofit existing Groveport Fire Hydrants with a new style hose adapter. These changes, along with the painting and maintenance of the hydrant, will streamline the fire department's fire hose connection process during times of need. These more effective and efficient adapters can be attached faster and allow the fire department to carry fewer fittings to make these connections. Thank you again to these individuals and the support of the City Council in making this happen.
