Purchase through a Lease Agreement of a 2016 Versalift/Ford Chassis Bucket Truck (2nd Reading)

This was discussed by Mr. Cleary during the Appropriations. The current bucket truck was determined after several years of service to be unsafe for continued use. The cost of the truck is \$121,825.00. The cost to rent a bucket truck for use is \$1900 per month, which would basically pay for the annual cost to lease.
