| <b>Law Enforcement Video Footage Fees:</b><br>The City of Groveport will charge a fee to produce video footage from body-worn cameras, dash-mounted cameras, or surveillance cameras. The fee is \$75 per hour of video footage produced, with a maximum of \$750 per request for a video record, rounded up to the nearest hour. This fee is necessary to cover the costs associated with reviewing, redacting, processing, storing, and distributing video files. The City of Groveport requires payment in advance based on the estimated cost of production. Fees and requests will comply with Ohio Revised Code Section 149.43(B)(1). Requests by victims or their representatives under Marsy's Law may be exempt from fees. |                                         |

| <b>RESTITUTION TO CITY FOR DAMAGE TO PUBLIC PROPERTY</b><br><br>Upon the damage and/or destruction to City property, whether due to accidents, vandalism or other criminal acts committed by non-City personnel, the Public Service Director shall determine the amount of restitution owed to the City for the damage and/or destruction of said property. The amount of restitution owed shall be based upon the following:<br>(1) Equipment Rate - Ohio Department of Transportation (primary) or Federal Emergency Management Agency (secondary) schedule of equipment rates.<br>(2) Labor Rate - Base hourly wage rate (by classification), including total fringe benefit costs.<br>(3) Material, Rentals and Contract Services - actual costs paid by the City.<br>(4) After the Public Service Director has determined the final amount of restitution owed to the City based on the criteria set forth above, he or she shall forward an invoice detailing the same to the Finance Director. The Finance Director shall seek reimbursement from the responsible party or parties. |            |
| <b>ADDITIONAL SERVICES PERFORMED BY PUBLIC SERVICES DEPARTMENT – SECTION 153.03</b><br><br>Any additional work requested and authorized shall require full payment of the City's estimated cost prior to commencement of such work. The estimate shall include, but not limited to, labor, equipment usage, materials, contracted services, administrative expenses, and any other applicable fees as determined by the City. Rates and fees shall be established and applied in the same manner as those used by the City to calculate restitution for damage to public property.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |            |
