2013	1,880	28,241
2014	1,423	27,152
2015	2,041	25,421
2016	2,199	25,641
2017	1,669	20,885

The Golf Course was flooded again this year on Tuesday November 7th causing the course to be closed on the 7th and 8th. No significant damage is expected from the latest flood.

Greens are tentatively scheduled to be deep tined the last week of November. We met with Topp Shape Construction to review renovation of the remaining bunkers, scheduling will begin as soon as they're available.
