

Report to Mayor and Council  
August 2017

	Rounds July	YTD
2010	5,131	18,745
2011	4,672	15,057
2012	5,391	20,972
2013	4,650	17,477
2014	5,171	16,861
2015	4,384	15,004
2016	4,630	16,179
2017	1,664	14,037

July play numbers were severely impacted by the rain and flooding. All fairways that were under water, were aerified and over-seeded on August 4<sup>th</sup>. Those holes include #7, 8, 10, 11, 12, 14, 16, 17, and 18. We have been limiting play on the back 9 to leagues and outings to allow the new grass to be less impacted by wear and traffic. We will be opening the back this weekend for play and resume front 9 only during the week. Hopefully by the week of the 28<sup>th</sup> the new grass will be strong enough that we can have both 9s open for play moving forward.

Green aerification is tentatively scheduled for the week of September 11<sup>th</sup>. Notification will be posted at the Golf Shop and on the phone recording.
