It's hard to believe that seventeen years went by so quickly. But soon it will be time to continue my journey on a new path.

Ten years ago, my hobby became a business. Now that business is the largest natural wellness center in central Ohio. I look forward to seeing what will happen when I transition to becoming a full-time director.

My thanks to Council and the community for seventeen years of wonderful memories and strong friendships.

A handwritten signature in black ink that reads "Linda Haley". The signature is written in a cursive, flowing style.
