

CITY OF GROVEPORT  
REPORT TO MAYOR AND COUNCIL

September 15, 2014

**ADMINISTRATION – Marsha Hall**

- Legislation  
Water Service Agreement with Columbus – We have still not received the draft agreement, so we are unable to speak to any changes from the current contract at this time.
- Council Requests  
Cron Dr. – potholes were repaired; tree is on City property and is being removed.

Animal Control Issues – we will discuss this during our Budget Workshop.

Cherry Street building – Tom Byrne is obtaining information as to the costs for three options – 1) remove building and build parking lot; 2) use as a storage building; and 3) use as a building open to the public. Once all of the information is received, I will provide Council with a report. In order to provide a comprehensive list of costs, we may not have a full report at the October COTW meeting.

- Toy Road Traffic Issues  
Information regarding this is being provided to you under separate cover.
- Residential Tire Collection  
A tire collection event will be held in conjunction with Madison Township through SWACO's program on October 18 from 8am to noon in the gravel lot at the recreation center. SWACO pays for the roll offs, we pay Liberty Tire for the tires collected **from our residents**, then SWACO reimburses us up to \$500. We will require those entering the event to provide us with resident information, then they will be directed to either the township's roll off or ours. Four passenger vehicle tires per household will be the maximum. The event will close once the roll offs are filled if prior to noon. There will not be a lot of advertisement about this event in order to discourage residents outside the area from coming. Information will be provided on the upcoming Local Waste bills.

Meetings Attended

Sept. 8            Apple Butter Day Committee meeting  
Sept. 9            Madison Twp. Fire Dept. 5 Year Plan meeting

Upcoming Meetings

Sept. 15          Preservation Committee meeting
