**City Administrator Report to Council
City Council Meeting
BJ King, City Administrator
November 23, 2020**

Legislation – 1st Readings

• **Ord. 2020-051 – 2021 Street Maintenance Program Bid**

Approval of this ordinance will authorize the City Administrator to solicit bids and enter into contract for the 2021 Street Maintenance Program. The schedule for bidding is to advertise in mid-February and open bids in mid-March. Historically, receiving bids early in the year results in better costs since contractors are more competitive as they work to plan their yearly schedule.

• **Ord. 2020-052 – Alley Drainage Improvements**

Approval of this ordinance would authorize the City Administrator to solicit bids and enter into a contracts for drainage improvements in alleys. The Public Services Department is inspecting, via camera, various drainage pipes in alleys located in the downtown area. In 2021, drainage improvements will occur in Hickory Alley. Annually, there will be money included in the budget to continue the improvements of older storm drainage systems in alleys.

• **Ord. 2020-053 – Annual Force Main Replacements**

Annually, the City identifies sections of sanitary sewer force mains that are in need of repair/replacement. The Elmont force main has been targeted recently. Approval of this ordinance would authorize the City Administrator to solicit bids and enter into contract for the annual force main replacement project. Funding for this project, (\$70,000) is included in the approved 2021 budget.
