

Report to Mayor and Council
January

Rounds for the Month of December

2009	78
2010	58
2011	270
2012	481
2013	157

Rounds for the Year

2009	31,303
2010	30,619
2011	27,093
2012	33,561
2013	28,883

Rounds for the year were down by 4,678 (13.9%) rounds for the year. The Richardson Rd. bridge closure certainly impacted play, although that is difficult to quantify to an exact number of rounds lost, the closure did impact play. I am very pleased with how the second half of the season progressed and look forward to further improvements in 2014.

I am continuing to work with a contractor to finalize the bid for phase 2 of the Hole #13 project. The 2nd phase is schedule to begin at the end of January and be completed by the end of February. This should have little to no effect on playability for golfers.

The balance of the old hood system is scheduled to be upgraded following a scheduled event in the Clubhouse on February 8th. The new hood will integrate with the hood system that was installed last spring.
