Law Director Shannon stated that he has some amendments to this ordinance for Council's consideration based upon staff recommendations and proceeded to reading those amendments aloud. He then read aloud the conditions as set forth by the Planning & Zoning Commission.

A motion was made by Council Member Cleary, seconded by Council Member Dildine, to amend. The motion carried by the following vote:

Yes: 6 - Dildine, Hutson, Lockett, Rupp, Hilbert and Cleary

Mr. Cleary asked for clarification as to whether the developer plans to buy or lease the triangle of land owned by Mrs. Strohm. The developer stated they are in negotiations. Mr. Lockett inquired if her property is on the existing section of Crow Ave or on the new extension of Crow Ave. The developer said to his understanding the triangle of property does cross onto the existing Crow Ave, however it is possible to go around it and still be compliant. He said the Cul-de-sac would not interact with the property. Council and staff continued to discuss proceeding with the improvements without the use of the triangle of property. Law Director Shannon stated for the record that we can construct the Crow Avenue improvements because nothing is going onto Mrs. Strohm's property. He said the ultimate question is whether or not they can get their construction vehicles into the site and that it is on the developer to negotiate that. Administrator King stated that addressing the drainage issue will make the area dryer, but without a development it stays as it currently is. Council addressed their concerns and further spoke with staff about drainage.

A motion was made by Council Member Cleary, seconded by Council Member Hilbert, to adopt. The motion carried by the following vote:

Yes: 5 - Dildine, Hutson, Lockett, Rupp and Hilbert

No: 1 - Cleary
