

CITY OF GROVEPORT OHIO

December 14, 2015 Groveport Transportation Department Report to Mayor and City Council

Winter preparations are complete and we are ready (even if not eager) to battle the elements so we can continue providing safe and efficient transportation to Groveport seniors and workforce.

Bob Dowler, Director of Transportation

Groveport Rickenbacker Employee Access Transit, GREAT

- 1) Service seemed to have plateaued for a three week range, then we received this past week's ridership. We are watching closely for trends and analyzing this data. While these numbers do represent plenty of riders getting to and from work, they are below our capacity. We will keep Council informed.
- 2) You will find attached a new GREAT ridership summary. Please let me know if there is any other information you would like to have included.

Groveport Senior Transportation

- 1) A grant request has been submitted to Franklin County Senior Options. We have typically been informed of the results of this application by the end of December. We will report the outcome in January.
- 2) We are also pursuing a 5310, Federal Transportation Administration grant through MORPC which will be used to replace a vehicle. Grant submission is due by January 27th and requires the cooperation of multiple departments.
- 3) You will find the November 2015 Senior Transportation Statistics on the following page. I hope that the new format provides the information you require in a style that is easy to interpret.

Please contact Bob Dowler with any questions, comments or concerns.
