We continue to battle the elements, with the significant rainfall of the past few weeks we are doing our best stay on top of the mowing schedule. Sod had been placed on the embankment surrounding hole #13, the remaining area will be seeded as soon as the weather permits. Also, a new cart path and curb have been placed around #13 green and #14 tee.

Mark Williams has accepted the newly created position of Assistant Golf Professional. Mark has been employed as a seasonal employee since 2008. He just received his undergraduate degree in Organizational Communication from Capital University. He was captain of the Capital Men's Golf Team, and for the 2014 golf season received Academic All Conference recognition.
