

Council Update – September 20, 2021

Community Affairs Department – Patty Storts, Director

This is bitter sweet as I write my last Committee of the Whole report before retiring on October 13. I have been truly blessed working for the Village/City of Groveport for the last 28 ½ years. I truly appreciate the opportunity I had here to grow in my career and be a part of this great team and the countless opportunities given to me to grow both professionally and personally. For the past 28 ½ year this has been my second home. It still amazes me I began my time here 28 ½ years ago as a Clerk-Typist and now leaving this great organization as the Director of Community Affairs. There are a lot of memories that I will carry with me forever and I will never forget working with Mayor Westcamp, Council Members, management and staff throughout these years. It has been a great ride. I have met wonderful people in this community and surrounding areas and made friendships that I will cherish forever.

Thank you.

Farmers Market

This year's Farmers Market has ended and I feel it was another good year. We averaged 8 – 10 vendors every week and I feel the foot traffic was good.

Apple Butter Day

The Apple Butter Day planning is almost complete. The deadline for vendors was September 17. We have a total of 65 craft and food vendors. This is less than we have had in the pass but by having fewer vendors we can spread them out some and not have them packed in like we normally do. We will have plenty of hand sanitizing stations throughout the festival and masks available if needed.
