

Council Update - February 16, 2018

Community Affairs Department – Patty Storts, Director

## **ART GALLERY**

### **Glenn Tompkins**

As a child Glen was captivated with creating. He was known to draw outlandish creatures and silly cartoons. Glen used every bit of his imagination and created entire worlds of his own designs, transforming them into whatever media suited him. It wasn't until the latter years of his education at Ohio State University that Glen discovered his own painting style. Glenn graduated from OSU with a BFA in painting and drawing in 2009.

### **KidSpace Mural**

Town Hall has been working with Groveport Elementary PTO and the art teacher to create a bottle cap mural to be placed on the south side of KidSpace. This project is moving along very fast and the mural will hopefully be installed by the second week of March. This mural will be dedicated on Arbor Day in April.

### **Camp Sunshine**

Summer will be here before you know it and kids will be out of school. Town Hall staff has begun working on planning this year's Camp Sunshine. This year's camp will run from June 4 to July 27. All Town Hall staff will be helping in one way or another with this camp. They are being asked to come up with interesting and fun ideas to make sure that each and every child will have a great time at Camp Sunshine.
