Council Update –Community Affairs Department – Patty Storts, Director

### **Sunshine Camp – Alba MacHarrie**

Sunshine Camp was a huge success and those who attended said they would be coming back for sure next year. Staff learned a lot about this camp, took notes of suggestions from parents on what other activities could be offered and what could be done different for next year. This camp could not have happened without the use of the modular' s and gym at Groveport Elementary School. Principal April Bray offered the use of Groveport Elementary for this camp once again in 2017. I will have the card that the kids made for us at the table in the lobby for you to look at thanking us for allowing this camp to happen.

### **Programs on the Go – Cristy Duckworth**
