- Meeting with Civica CMI to discuss integration to AuthorityPayroll with new ID badge software with HR.
- Meeting with Civica CMI to discuss credit card payment interface with AuthorityUtility and AuthorityCourt application.
- Meeting with Darktrace to discuss cybersecurity protection.
- Meeting with Cowbell Cyber Liability Insurance to discuss requirements and recommendations to be eligible for coverage.

PROJECTS:

- **Recreation Center Cabling Project**
 - A quote from Echo 24 has been obtained.
 - Due to costs, the quote will need to be re-evaluated and an alternative quote will need to be obtained.
- **PD Camera System and Door Access System**
 - Interior Cameras and Door Access Control modules have arrived.
 - IT has already installed and configured five of the interior cameras
 - Scope of work by Buckeye Datacom has been completed.
 - Mitchell Lock to complete their scope of work (outfitting doors/upgrading door hardware) sometime after July 14th.
 - IT plans to have the camera portion of the project completed before then.
 - IT will have door access controllers mounted before Mitchell Lock performs their scope of work

Senior Center Door Access Control Project

- Door Access Controllers have arrived.
- Quote obtained by Echo24 to run cabling for this project has been approved.

Citywide Network Infrastructure Overhaul

- Obtaining pricing for new servers and switches
- Obtaining pricing for operating system licensing to upgrade from Windows Server 2012R2 that goes end of life in October of 2023.

Municipal Building Camera Project

- Walk through to assess camera needs has been completed.
- Currently putting together a parts list to obtain quotes.
