

CITY OF GROVEPORT
REPORT TO MAYOR AND COUNCIL

July 8, 2019

ADMINISTRATION – *Marsha Hall*

Legislation

Ord. 19-028 School Speed Zone for Groveport-Madison High School (2nd Reading)

As part of the on-going Hamilton Road – Firehouse Lane project, the school requested a 20 mph school zone for restricted hours be enacted for the high school. We have received approval for this from ODOT as long as we follow the standard 20 mph speed limit. If approved, this will be done in conjunction with the new School Zone flasher system.

Miscellaneous

Time and Attendance System Update

An ADP system to track employees' time and attendance for payroll has been used for several years. We have been informed by ADP that in the near future we will no longer be provided with system updates. For that reason we are exploring other time and attendance systems that will coordinate with our payroll system.
