

Council Report – April 2024

Community Affairs Department – Jessica Wyke

Easter Eggs-perience

The weather held out long enough for the Easter Eggs-perience to be a very well attended event! Children of all ages hunted for over 13,000 eggs, visited with the Easter Bunny, cuddled baby farm animals, enjoyed the family selfie station, got their faces painted, and jumped in the butterfly bounce house!

Total Eclipse Party

Our community gathered together to witness and incredible event at the Total Eclipse Party! Eclipse glasses and space themed snacks were provided to the first 100 people. Astronaut Adams was on-hand for pictures!

Adult Programs on the Go!

Programs on the Go participants visited the White Castle Headquarters for free lunch and a free guided tour! Participants were shuttled by Groveport Transportation.

Children's Programs

The preschoolers at KidSpace enjoyed some very special events the last week of March. They celebrated the holiday with a class Easter party featuring pictures with the Easter Bunny. Horse N Round Fun set up an adorable indoor petting zoo with babies from the farm! Families got to pet and hold baby goats who were only 1 month old. Charlotte the pot-bellied pig was also a crowd favorite. Last but not least, the Ohio State Entomology Department did an age appropriate presentation on insects and brought lots of crawly critters for show and tell.
