

**CITY OF GROVEPORT  
REPORT TO MAYOR AND COUNCIL**

February 17, 2022

**Engineering Department – *Steve Farst***

• **Capital Projects:**

Phase 2 S. Hamilton/Higgins      Work is substantially complete.

Storm system:

Alley Drainage      Bids were received on 2/11/22. Three bids received, two that are valid. Bid packages are being reviewed and bid tabulation is underway.

Elmont Force Main      Design for Phase 3 is underway. Project will involve reconstruction of a City sanitary force main to convey sewer effluent from the Elmont Pump Station to a gravity sewer near Homer Ohio Lane. Phase 1 was completed in 2017 and Phase 2 was completed in 2020. The replacement has been undertaken in phases to level the cost.

Streets/Street:

2022 Street Maintenance      Bid documents and final estimating are being prepared, Streets to be included will be identified in future reports.

Saltzgaber Road reconstruction      Work is substantially complete.  
Toy Road & Swisher Rd  
Improvements

• **Development Projects:**

Redwood Apts. Hendron      Site grading has begun. Awaiting start of underground utility work which was indicated by developer, now would appear to begin in March.

2400 Rohr Rd      Site construction is underway. Utilities are being installed on site and across Alum Creek Drive.

5740 Greenpointe Dr North      stabilized for winter. Site construction nearing completion

Forward Air Site-Port Rd      Site construction nearing completion. A second phase for building expansion is being designed.

CA Ventures Site-Hayes      Construction plans are approved by Groveport. Site construction continues. Site on-site and off-site utilities are expected to begin in February or March.

Please contact Steve Farst with any questions or concerns.
