

CITY OF GROVEPORT  
REPORT TO MAYOR AND COUNCIL

**August 18, 2014**

**ADMINISTRATION – Marsha Hall**

- Legislation

Five Year Capital Improvement Plan (CIP) (Third Reading on Aug 25):

We are introducing a resolution adopting the Five Year CIP for the upcoming five year period. We have included several projects that are part of the previous CIPs. In addition, we have included a few major additions. The most evident addition is the inclusion of an annual street maintenance program. We will discuss the CIP in detail during the August 18 Committee of the Whole Meeting.

OPWC Applications (Second Readings on Aug 25):

We are introducing legislation for two applications for Ohio Public Works Commission funding; the Hendron Road Reconstruction Project that includes a waterline and sidewalks and a re-submission of last year's application, the West Bixby Road Pavement Rehabilitation Project.

- 2015 Budget Process Schedule

As noted in past reports we are proposing the October 20 Committee of the Whole meeting be delayed until 9:00am on October 22 to be combined with a 2015 Budget workshop. The meeting will be held at the golf course. Please provide us with any schedule conflicts tonight so that we can reserve the room and advertise the meeting. The legislation would be read at Councils October 13, October 27 and November 10 meetings.

- Mosquito Spraying

I received word from Franklin County Health Department Wednesday afternoon that a pool of mosquitos in a trap tested positive for West Nile virus. In response, the health department sprayed on Thursday. They will continue to test and spray as needed. Because of the rapid response by the health dept. we are unable to advertise the spraying.

Meetings Attended
