PUBLIC WORKS

- Public Works crews continue with leaf pick-up, along with brush pick-up and trimming of trees for sight distance and clearance of truck bodies passing during snow and ice removal.
- Winterizing and changing of seasonal equipment from Public Works' Service building to storage at water plant site.
- Sign repairs and replacement.
- Cold patch will start the week of November 17th, material has been picked up, and potholes are starting to appear with changing temperatures.

Any questions and/or concerns contact Dennis Moore.
