The league schedule has been finalized for 2014; the total number of leagues for this golf season is 19.

Phase 2 of #13 has been completed and we're awaiting the availability of grass sod to begin the repair of the construction site. In the area, surrounding #13 there were several ash trees that required removal. We are in the planning stages of identifying areas of the property that would be ideal to replenish the number of removed trees. Also scheduled to begin this week is the replacement of the damaged cart path on #13 and #14.

The Engineer's report on the suspension and truss bridge that cross Little Walnut creek has been received. We are currently in the process of reviewing the evaluation and recommended items in the report.

Congratulations to Assistant Golf Professional, Brandon Worden for his completion of the PGA of America's education program earlier this month. Upon completing the program, he was elected to Class A PGA membership.
