

Report to Mayor and Council

	Rounds	
	April	YTD
2010	3,233	4,125
2011	1,647	2,519
2012	2,879	5,041
2013	2,326	3,191
2014	2,148	2,692
2015	1,967	2,443

We continue to battle the elements, with the significant rainfall of the past few weeks we are doing our best stay on top of the mowing schedule and keep the golf course playable. Sod had been placed on the renovated bunker hole #2, there's a back order on sand and it will be placed as soon as it is available. Also, a new cart path and curb will be placed on #1 as soon as the weather and conditions permit

Matt Doran and I met with a 2nd architect and contractor last week about the Golf Maintenance Building. We are awaiting their proposal to present to the administrator for consideration.
