**Groveport Transportation Department
Report to Mayor and City Council**

It has been a busy time for Transportation this spring. As you may have seen and/or heard, COTA made massive changes to its system effective May 1 however the bulk of the work to reach this point has taken place over the past months and years. GREAT was well prepared for the impact to our system so daily operations were, for the most part, smooth. What we now have are two COTA Lines serving the Rickenbacker area and GREAT shuttles coordinate with both within our hours of operation. The upside is really for the employers and employees of Groveport in Rickenbacker as accessibility is better and commute times from the east side of Franklin County are reduced. Even though the Line #49 Express is no longer in service, the new Line #24 will provide better access to more of Columbus and Central Ohio in and out of Groveport.

We are pleased that the Franklin County Senior Services Renewal, Issue 1, passed as they have been a long standing financial partner of Groveport Senior Transportation.
