Work has begun on the suspension bridge on hole #7. The bridge is expected to be closed for the next 6 to 8 weeks or until the work is completed.

Routing of the course will be the same as was used when the bridge was closed for flood damage: #1-6, 9, 10, 11, 7, 8, and 12 thru 18. Signage has been posted in the Golf Shop explaining the layout and a message on the phone greet notifying players of the closure.
