

# CITY OF GROVEPORT

## REPORT TO MAYOR AND COUNCIL

**June 10, 2019**

### **ADMINISTRATION – Marsha Hall**

#### ***Legislation***

##### ***Miscellaneous***

###### First Tuesday and Farmers Market

This event went well. A few modifications will be made for the future scheduled events, including an officer assigned to assist with pedestrians crossing Main Street. Thanks to the Police Chief for cooperating with this.

###### Toy Road Area Public Meeting

The meeting was well attended by area residents. Steve Farst provided an update regarding the recent OPWC funding application that we had to turn down, and Fritz Crosier of the Franklin County Engineer's Office provided details of their recent Swisher Road Speed Limit Study and their upcoming plans for the three area roads. The speed limit study resulted in a reduction of the speed limit on Swisher Road from 45 mph to 40 mph. I will keep you updated as to the possible proposed OPWC funding application for roadway improvements that would be submitted this fall by all three entities (Franklin County, Madison Township, and City of Groveport) when we receive plans and cost estimates from the county.

###### Canal Lock Event

The canal lock celebration luncheon was well received. As you are aware, the City was the host for this, and we have received several "thank you" comments from the attendees. On June 11, WOSU will be taping part of a segment of their show "Driving with Darbee" at the lock. They have requested that Rick Palsgrove provide them with a tour and a conversation about preservation of the lock. I will let you know the date of the broadcast when I hear. I'll also try to get a copy of the broadcast for the museum.
