

Report to Mayor and Council
October 2019

	Rounds September	YTD
2013	3,343	26,361
2014	3,382	25,265
2015	3,135	23,380
2016	2,773	23,439
2017	2,181	19,216
2018	2,155	19,782
2019	2,810	22,273

Green aerification went very well and greens have completely healed.

All grading on Hole #14 has been completed and will be seeded this week. We will be planting a 50/50 mix of Rye and Low mow Bluegrass. We had planned to plant only Low mow Bluegrass but given the late planting are forced to include Rye for its quick germination.

The annual deep tinning of greens is tentatively scheduled for the middle of November.
